

Memorandum of Understanding to support joint action on improving health through the home – Q2 delivery

2015/16 Delivery Plan – quarter 2 update

This delivery plan accompanies the national [Memorandum of Understanding to support joint action on improving health through the home](#). It describes the current and planned work of Memorandum signatories to support local areas to enable the right home environment for health and wellbeing, throughout life. It also includes a calendar of events and contact details for signatory and other partner organisations.

Outcome	Action	Lead	Support	Completion
Systems leadership				
1. The vision is integral to the activities of each of the national signatories	1) Identify a named person to raise the profile within the signatory organisation (contact details at end of document)	All signatories (where this is within the organisation's purpose)		Throughout 15/16
	2) Deliver learning opportunities to each signatory's workforce to widen understanding (inviting other signatories if appropriate)			
2. The model of the national memorandum is used at a local level as a means to improve health and wellbeing and reduce health inequalities	3) Take every opportunity to communicate the signatory organisation's position on housing, health and care to their members and networks, to national policy makers and to relevant regulators eg, the CQC			
	4) Promote the opportunity for the home environment and housing circumstances to be considered in plans that support the adoption of local charters/concordats:			
	a. Mental health crisis care concordat			
	b. Armed Forces Covenant			
	c. Disabled Childrens' Charter for Health and Wellbeing Boards			
	5) Raise awareness with local areas and organisations of relevant housing, homelessness and health charters eg,			
a. St. Mungo's Broadway homelessness health and wellbeing charter				
b. The Domestic Abuse Housing Alliance				

Memorandum of Understanding to support joint action on improving health through the home – Q2 delivery

Outcome	Action	Lead	Support	Completion
Systems leadership continued				
2. The model of the national memorandum is used at a local level as a means to improve health and wellbeing and reduce health inequalities	6) Develop and maintain a common housing, health and care events calendar, and communicate this through all signatory channels			
	7) Deliver joint events, or involve other signatories in planned events, to enable local representatives from relevant sectors to come together to learn, share, and develop relationships			
	8) Provide support to those local areas and organisations piloting/implementing new models of integrated working and use of assets (for example, DevoManc, NHS Vanguard, integrated care pioneers) with a view to sharing notable practice more widely			
	9) Develop a route map to improved health and wellbeing and reduced health inequalities to support local public health teams and housing partners in developing or improving relationships	PHE	ADPH	Nov-15
	10) Review and revise the 'local housing offer & outcomes' tool to support the housing profession in developing local health conversations	CIH	Housing LIN	Sept-15
Intelligent commissioning				
3. Local areas understand their populations, their housing and health needs	11) Produce guidance and tools to support local areas to understand the extent to which precarious housing and homelessness impact on health and wellbeing including: <ul style="list-style-type: none"> a. Rapid evidence review on prevention of ill health and homelessness b. Homeless health needs audit online tool and guidance 	Homeless Link	PHE, St. Mungo's Broadway, Faculty for Homeless and Inclusion Health	July 2015
	12) Develop an online evidence base of the homes and health relationship for local use	CIEH	PHE, ADPH	Oct-15

Memorandum of Understanding to support joint action on improving health through the home – Q2 delivery

Outcome	Action	Lead	Support	Completion
Intelligent commissioning continued				
4. Evidence of the impact of the home/housing on health and wellbeing is more widely understood, accessible to and accepted by, national and local partners	13) Enable the development of NICE guidelines to recognise the relationship between the home environment and housing circumstances	PHE	All signatories to register as stakeholders	Ongoing
	14) Promote standards for evidence generation for housing	HACT, PHE	All	Oct-15
	15) Develop and maintain a housing research 'register' and support the development and delivery of research proposals; develop a shared database amongst signatories of the evidence of effective interventions	HACT		Ongoing
	16) Generate interest amongst funding bodies and academia to research the effectiveness of housing interventions, and to publish findings in an accessible format for local audiences a. BRE evidence launch (September 2015)	Care & Repair England (lead on home adaptations & repairs)	Foundations, COT GenHome, BRE	Ongoing
	17) Develop and publish Social Value proxies for housing with care, support and health using Wellbeing Valuation. Publish as part of the Social Value Bank	HACT	Simetrica	March 2016
	18) Publish research into the impact of housing conditions and overcrowding on mental health	DH	IHE, PHE	Autumn 2015
	19) Publish cost of poor housing to health as it relates to 'ageing well' population	PHE	BRE	Autumn 2015
	20) Refresh the Foundations Integrated Outcomes Tool for commissioners & providers of housing related support	Foundations	DCLG	September 2015
	21) Publish a 'talking point' on integrated health, care and preventive housing support	NHF		October 2015
	22) Ensure importance of housing for vulnerable people's health is understood in DWP/DCLG review of supported accommodation & subsequent discussions on investment	Homeless Link/NHF/PHE	DCLG	Nov 15
	23) Publish briefings to inform local commissioning in relation to: end of life at home; ageing well and the built environment; health inequalities; alcohol and older people	Housing LIN	PHE	October 15

Memorandum of Understanding to support joint action on improving health through the home – Q2 delivery

Outcome	Action	Lead	Support	Completion
Effective integrated solutions				
5. Effective, efficient, innovative and integrated health, care and support, and housing interventions/ approaches are adopted	24) Support local areas to implement the Care Act 2014 statutory guidance with regard to housing:			
	a. Deliver regional workshops for local areas: integration of housing and care in practice	SITRA, Skills for Care	NHS Alliance	Sept 15
	b. Support and training on Care Act implications and integration for LAs and providers	CIH		Ongoing
	c. Deliver training and seminars to develop an understanding of housing health and care links and integration across professionals in all sectors	CIH/Skills for Care		Dec 15
	d. Publish an authoritative statement of what integrated home improvement agencies and housing services look like, including recommendations for commissioning, provision and policy	Foundations	DCLG	Autumn 2015
	e. Support to enable better outcomes for homeless and other households at risk of homelessness	Homeless Link		Ongoing
	f. Targeted briefings: home improvement agencies	Foundations	DCLG	Throughout 15/16
	g. Targeted briefing: extra care housing	Housing LIN		October 15
	h. Targeted briefings: home adaptations (Care Act and adaptations; additional good practice cameos)	Care & Repair England		Sept 15
	25) Research and publish evidence of effective community-based approaches to health and wellbeing led by housing providers, and raise awareness amongst housing associations of the value of evaluation	NHF	PHE	Mar 16
	26) Guidance and examples of funding models that can support integrated pathways			
	a. Dementia and psychosis	HACT	NHF, DSDC	Oct 2015
	b. Home improvement agencies - pathway pilots	Foundations		Dec 2015
	a. Housing related prevention in hospitals & healthcare settings	Care & Repair England		Dec 15

Memorandum of Understanding to support joint action on improving health through the home – Q2 delivery

Outcome	Action	Lead	Support	Completion
Effective integrated solutions continued				
5. Effective, efficient, innovative and integrated health, care and support, and housing interventions/ approaches are adopted	b. Evaluation of integrated models of information and advice plus 'self-help' tools for older people	Care & Repair England	EAC FirstStop	Feb 16
		Foundations	Independent Age	Dec 15
	c. Social prescribing pathways (including but not exclusively GP practices)	Foundations and NHS Alliance		Sept 2015
	27) Create an innovation platform for new approaches to primary and secondary prevention in the community (ref. 5 year forward view and health as a social movement)	HACT		Ongoing
