

Sarah Vernau, Silverlinks Programme Manager

Sarah is the Silverlinks Programme Manager at Care & Repair England. She coordinates and manages delivery of the Silverlinks programme (funded by the Big Lottery) which operates in partnership with local providers in a range of localities across England. She manages the partnerships, develops the online resources and training/ workshop materials, manages the blog, as well as organising and delivering the training and workshops on Housing & Care in Later Life for older people's groups across England. Previously she managed an England-wide lottery funded programme for the Royal Society of Wildlife Trusts.
